# **Orchard School**

### **PROPRIOTORS ACCESSIBILITY PLAN January 2022**

#### **Legal Status:**

- Special Educational Needs and Disability Act (SENDA)
- Equality Act (2021)

#### **Orchard School Strategy:**

The Orchard School strategy is to address and comply with the requirements of the Disability Discrimination Act 1995 and the Special Educational Needs and Disability Act (SENDA), as amended.

## **Availability:**

This policy is made available to parents, staff and pupils in the following ways: via the School website, within the Parent Policies Folder in the reception area, and on request a copy may be obtained from the School Office.

In our school the term 'staff', in the context of safeguarding, is inclusive of all staff and is also inclusive of, contractors, agency staff, volunteers and proprietor.

#### **Monitoring and Review:**

- This policy will be subject to continuous monitoring, refinement and audit by the Head.
- The Proprietors undertake a formal annual review of this policy for the purpose of monitoring and of the efficiency with which the r elated duties have been discharged, by no later than one year from the date shown below, or earlier if significant changes to the systems and arrangements take place, or if legislation, regulatory requirements or best practice guidelines so require.

Signed:	Date: Reviewed January 2022
Anne Burton	Louise Burton
Headmistress/Proprietor	Deputy Head/Proprietor

This is a three-year rolling plan to ensure compliance with Schedule 10 of the Equality Act 2010 for Orchard School & Nursery, to show how it will progressively meet the demands of the Disability Discrimination Act. A pre-requisite to drawing up the Accessibility Plan has been the completion of space audits at both sites.

#### **Introductory statement**

We are committed to providing an environment that values and includes all pupils, staff, parents and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We are further committed to challenging attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Orchard School is committed to increasing the extent to which disabled pupils (including those with special educational needs) can participate in the school's curriculum by continuing to adjust reasonably to allow disabled pupils to access educational provision at our school. Orchard School (on both sites) has an established reputation as an inclusive school and are determined to develop our skills and knowledge in specific learning difficulties. The current ability range of the children is on a continuum from those with moderate learning difficulties through to gifted and talented.

#### **Background:**

### Orchard School's layout and facilities

The site is a two-storey building. Whilst we are limited as to the number of children with physical disabilities who can be safely accommodated on site, we are pleased that we have been able to make modifications as follows:

#### At Higham Gobian Road Site (EYFS Russet and Reception)

- Children from under one to four years of age are accommodated on the ground floor of the building. with access directly to the outdoors. Changing, toileting and medical facilities are also available in this area. Breakfast and lunch are served within the nursery area. If a child on roll has a temporary disability, such as a broken leg, we can make arrangements as play and toileting facilities can be accessed easily.
- Our Reception class has also direct access to the outdoors. Meals are eaten with the rest of the school in the hall.
- We have experience of working with EYFS children who display a range of disability, including delays in learning, and we are keen to extend our knowledge and skill in this area.

## (Key Stage 1 and Key Stage 2)

- All classrooms on the ground floor have direct access to the outdoors. There are toileting facilities adjacent to Prep 1 (Year 1) at the end of the entrance corridor.
- Key Stage 2 classrooms are on the first floor with access to adjacent toileting facilities.
- All other toilets are accessed through reception area.
- We have experience of successfully accommodating a child with a temporary disability (broken leg) necessitating the use of a wheelchair.

• We welcome children where we are able to provide appropriate provision to manage their disabilities and enable them to become as personally adequate, socially competent and independent as their potential will allow.

We plan, over time, to increase the accessibility of provision for all pupils, staff and visitors to the school in the following areas:

#### **Principles of operation:**

- to always look for and consider ways to increase the extent to which disabled pupils can participate in the school curriculum;
- to have in place contingency plans for pupils who have returned to school after an accident or illness, enabling them to have full access to the curriculum;
- to continually aim to improve the physical environment in order to increase the extent to which disabled pupils can take advantage of education and associated services;
- to improve the delivery of written information to pupils, staff, parents and visitors with disabilities, whenever required.
- to promote Orchard School as being able to cater for children with specific learning difficulties (dyslexia, dyscalculia, dyspraxia).
- to improve the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled.
- This delivery of information must be made within a reasonable time and in ways which are determined after taking account of the pupils' disabilities and any preferences by them or their parents.

#### **Strategies:**

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- School Prospectus
- Admissions Policy
- Disability Policy
- Health and Safety Policy
- Special Educational Needs Policy.

The Plan is to be monitored through reports by the Headmistress. The plan is updated at regular intervals to ensure that targets are met and there is a clear process for forward planning. The purpose is to:

- Ensure on-going liaison with organisations that are able to offer specialist advice and training.
- Complete an accessibility audit to identify where physical, curriculum and communication adjustments should be.

#### **Timeframe**

- Links with disabled groups and organisations, along with those able to offer specialist advice, are to be ongoing and developmental based on identified needs, local opportunities and processes to meet agreed objectives;
- CPD and INSET will continue to be prioritised and ongoing.

#### **Outcomes**

- Associated change and adaptations within school procedures to ensure the special and additional needs of children can be met within the school;
- Adapted, curriculum, electronic or other materials;
- Modified teaching delivery;
- Provision of additional services if they were to be required such as prospectus, newsletter in audio, Braille, large print forms if required.

#### **Success Criteria**

• Anticipated Outcomes in Place, with the school over the next three years being wholly accessible in curricular, premises and communication terms to all the people who may be served by it.

#### **Progress as at September 2021**

- Space audit to be performed and be completed; See classroom audit implement home tuition programme if a child's injury/illness temporarily prevents access to the school; https://www.education.ie/.../Home-Tuition.../Home-Tuition-Information...by S Maria 2014
- The **Home Tuition Scheme** provides for tuition in the home for children who are unable to attend school due to a significant medical condition.

### **Welcoming and Preparing for Disabled Pupils**

Where it is practicable to make reasonable adjustments to enable a prospective pupil to take up a place at the school and to satisfy the current admissions criteria, the school is committed to providing those reasonable adjustments. *unesdoc.unesco.org/images/0011/001184/118455eo.pdf* their classrooms more 'welcoming', more responsive to the learning needs of all children.

Where the school agrees to provide additional services, such as learning support, charges may be made at a level that reasonably reflects the cost to the school of providing that service. Details of costs can be provided in writing on request.

In order to meet the needs of disabled pupils, the school requires full information. The school asks all applicants for admission to the school to disclose whether they have any disability or other condition or educational need of which the school should be aware.

In assessing a pupil or prospective pupil, the school may need to take advice and require assessments as appropriate. The school will be sensitive to any issues of confidentiality.

The Special Needs and Disability Act 2001 refers to disabled pupils in a wide sense, including those with special educational needs and those with learning difficulties and disabilities. The Act obliges us not to treat disabled pupils less favourably and to take reasonable steps to avoid putting disabled pupils at a substantial disadvantage in matters of admission and education. The three-year plan supplements our disability policy and is in three sections, covering the following areas:

- (a) The extent to which disabled pupils (including those with learning difficulties) can participate in the whole curriculum;
- (b) Making written information accessible in a range of different ways for disabled pupils, where it is provided in writing for pupils who are not disabled;
- (c) Proposed developments in physical access to education and associated services.

TASK OR ISSUE	ACTION	LEAD	TIMEFRAME	STATUS
Appoint SENDCO	Appointed for whole school and will liaise with reference to SEND.	SENDCo	In-place	Achieved
Ensure English as an Additional Language (EAL) provision to allow all pupils to participate fully in language work at the start of Key Stage 2	All EAL pupils receive additional support.	SENDCo	On-going	Achieved
Develop Assessment materials to monitor pupils with difficulties writing at speed	SENDCo to consider appropriate resources for assessments.	SENDCo	On-going	On-going
Review methods of assessment and learning support provision.	Methods of assessment and learning support provision will be reviewed by the SENDCo to ensure consistency where practical	SENDCo	On-going	On-going
For pupils who require hearing aids the school will provide the teacher and pupil with a closed-circuit relay device which makes the lesson more approachable by the pupil.	SENDCo and Bursar to organise closed circuit relay devices as and if required.	SENDCo	On-going as required	On-going
Monitor provision for pupils with disabilities on all residential visits including day, week trips. EVC to keep up to date with current regulations and to check website 'learning outside the classroom / OEAP'; information on specific pupils including nut allergy sufferers, asthmatics and diabetes to be disseminated by senior first aider to trip organizers and leaders; trip leaders to receive EpiPen training.	Blanket medical form which enables pupils to go on all educational trips throughout the year. Currently there is a space for special or medical needs on the 'School Visits' form.  EpiPen training for staff.  Review how is allergy info initially sought/received, coordinated, and who is in charge of keeping track.	EVC	With immediate effect	Achieved
